2015-16 ANNUAL REPORT SUMMARY

MESSAGE FROM THE PRESIDENT

Most reasonable people would not start a journey to anywhere important without a map and a plan. At the very least, you would use Google Maps, right?

Through a series of conversations and engagements over the past two years with thousands of members of the Kent State University family, it became very clear that this community has aspirations to take the university and its students to places and levels of distinction never before realized. And, so, we worked together to create the plan that will get us there.

A Strategic Roadmap to a Distinctive Kent State was developed through broad engagement across the university family under the leadership of a 13-member Strategic Visioning Advisory Committee. It is comprised of five priorities and 12 University-Level Initiatives (ULIS), all that map to the university's compelling mission, vision, and values.

The Roadmap also includes performance metrics to measure progress and a University Dashboard complete with six-year goals and both peer and aspirational institution comparative data.

With our Roadmap in hand and a dashboard to keep us pointed in the right direction, it is assured that we will reach our destination a Distinctive Kent State.

Beverly Warren, President **Kent State University**

VISION

To be a community of change agents whose collective commitment to learning sparks epic thinking, meaningful voice and invaluable outcomes to better our society.

MISSION

We transform lives and communities through the power of discovery, learning and creative expression in an inclusive environment.

CORE VALUES

- A distinctive blend of teaching, research and creative excellence
- Active inquiry and discovery that expands knowledge and human understanding
- Life-changing educational experiences for students with wide-ranging talents and aspirations
- A living-learning environment that creates a genuine sense of place
- Engagement that inspires positive change
- Diversity of culture, beliefs, identity and thought
- Freedom of expression and the free exchange of ideas
- A collaborative community
- Respect, kindness and purpose in all we do

"Our focus on student success and an environment in which every university decision is made relative to its impact on students has resulted in improvements in retention and graduation rates and greater student engagement in high-impact experiences."

- Beverly Warren, President, Kent State University

Student's First

Kent State's top priority is to ensure that students have the education, experiences and support they need to graduate and to live successful, satisfying lives in their work and in their commitment to become engaged citizens. Attention to academic quality and student success is a cornerstone of a students first environment. This focus begins with the strategic recruitment of talented and diverse students and continues with the commitment to support students as they learn to thrive in an academically challenging environment. Key benchmarks of the Students First priority are actions

BETTERING SOCIETY THROUGH SERVICE, RESEARCH, AND AN INSPIRING EXAMPLE OF DETERMINATION

Kent State University biology major Nirmala Ghimirey grew up in a refugee camp in Nepal. Upon coming to the U.S. at the age of 14, she met her mentors, Kent State Professor Dr. Terry Kuhn and his wife Elizabeth, who told her about the biology program at Kent. Graduating from Akron's North High School at the top of her class, Nirmala is now a student in Kent State's honors college preparing to graduate in December of 2016. She has served as a tutor for both biology and chemistry and has earned numerous scholarships. Nirmala landed a competitive research internship at the Moffitt Cancer Research Center in Tampa, Florida where she was applauded for accomplishing more in one summer than some graduate students do in a year. After graduation, Nirmala aims to continue her studies in medical school to earn both an M.D. and Ph.D.

"The One University Commission is NOT an assertion of equality, if by equality we mean that each campus should be the same, and that each campus should offer the same things... it is a recognition that we can be ONE UNIVERSITY, yet each of our campuses can, and do, look very different from one another."

-Todd A. Diacon, Senior Vice President for **Academic Affairs and Provost**

A Distinctive Kent State

Drive innovation, idea generation and national distinction through top-tier academic and research programs including the recruitment and support of talented faculty and staff

Kent State University's wealth of intellectual, physical and cultural resources makes it a whole that has a far greater impact than the sum of its parts. As one university with multiple campuses, Kent State serves as an economic driver and regional cornerstone in communities throughout Northeast Ohio. To best serve constituents across the region and beyond, it is imperative that there is clarity in the articulation of Kent State's distinctive role as a public research university. A part of that distinctive role is the unique opportunity to form a cohesive eight-campus system spanning over a

"If your roommate hasn't been in America long and they aren't familiar with our culture, you will have to get used to some different social norms. And they may find some of our American habits difficult to understand as well. But if one is able to remain openminded and is up for new experiences, then the IVE program can be extremely exciting and rewarding."

Global Competitiveness

Advance Kent State's impact and reach as a leading international university

Kent State defines its distinctiveness as a national public research university, it will be imperative to position the university for success in an increasingly global environment. Efforts to enhance the university's global competitiveness focus on continuing a trajectory of increasing the enrollment of international students and providing a high-quality global education for all of our students.

"This study is about how we can work together to attract talent to this community and to keep that talent here – happy and thriving. It is about meeting and anticipating the needs of aging citizens and low-income families as well."

> -Beverly Warren, President on the Comprehensive Community Housing Study and Needs Analysis

Regional Impact

Serve as the innovative engine and engaged partner to meet community needs and enhance quality of life in the region and state

As one of Ohio's largest public universities, Kent State must engage its worldwide assets and relationships to contribute in significant ways to the growth and prosperity of the City of Kent, Northeast Ohio and the State. Actions and strategies pursued in this priority aim to enhance the level and volume of engagement with legislators and regional leaders and to better assess and communicate the story of the university's contributions locally, regionally and beyond.

Organizational Stewardship

Ensure a culture of continuous improvement and the efficient stewardship of university resources and infrastructure

To ensure financial stability and sustainability and to manage college costs, Kent State must be committed to evaluating and implementing strategies that increase operational efficiencies, enhance services for students that lead to successful and timely academic progress and expand the institution's outreach as a destination university for the next generation of academically motivated students. We are positioning the university for greater levels of fundraising success, examining and modifying the university's current budget model, engaging constituents across the campus to consider
